<<弗莱论莎士比亚>>

内容概要

One of the greatest literary critics of our time here provides a remarkable introduction to the genius of William Shakespeare through a study of ten of Shakespeare's most popular plays: *A Midsummer Night's Dream*, *Romeo and Juliet*, *Richard II*, *Henry IV*, *Measure for Measure*, *Hamlet*, *King Lear*, *Antony and Cleopatra*, *The Winter's Tale*, and *The Tempest*. The outgrowth of a lifetime of study and teaching, Frye's insights will inform and delight both the expert and the first-time reader of Shakespeare.
