<<Northanger Abbey (平装)>>

内容概要

First accepted by a publisher in 1803, *Northanger Abbey* was eventually published posthumously in 1818. In it Austen weaves a romance full of suspense and comedy around the heroine Catherine Morland's first foray into society. The style of the novel is a unique hybrid; along the way Austen parodies the eighteenth-century novel of manners, the Gothic novel, and even the educational treatises of the time. The second Broadview edition includes a revised introduction, notes, bibliography, and expanded appendices of background contextual materials. --This text refers to the Paperback edition.
