<<肝移植图谱Atlas of Liver>>

内容概要

This "how-to" atlas reveals the art of liver transplantation as practiced at the Baylor University Medical Center. It focuses on the techniques of Goran B. Klintmalm, who spent years studying with Thomas E. Starzl, "founding father" of liver transplantation. Readers will find detailed descriptions and drawings of today's full range of surgical procedures, along with extensive guidance on the radiologic and pathologic diagnosis of liver disease. Superb line drawings clearly explain every procedure step by step. A wealth of outstanding radiographic images facilitate liver disease differentiation. Color pathology slides depict the various manifestations of liver disease. A section on "Post-Operative Evaluation" provides invaluable guidance on avoiding the many potential post-transplantation complications and ensuring the most favorable outcomes.

书籍目录

Part . PREOPERATIVE EVALUATION Chapter 1. Recipient Evaluation Chapter 2. Donor EvaluationPart
 . OPERATIVE TECHNIQUE Donor Operation Chapter 3. Procurement of Liver, Pancreas, and Kidneys
 Chapter 4. Procurement of Liver, Pancreas, and Small Bowel Chapter 5. Procurement in Living Donors and
 Split Livers Chapter 6. Procurement in Donors with Aortic and IVC Pathologies Chapter 7. Backtable
 Preparation of the Liver Graft Recipient Operation Chapter 8. Anesthesia Management Chapter 9. Recipient
 Hepatectomy Chapter 10. Classic Technique of Implantation Chapter 11. Piggyback, Split Liver, and Living
 Donor Techniques of Implantation Chapter 12. Portal Vein Thromboendvenectomy and Venous Interposition
 Grafts Chapter 13. Situs Inversus and Situs AmbiguusPart . POSTOPERATIVE EVALUATION Chapter
 14. Graft Function Chapter 15. Cardiopulmonary Complications Chapter 16. Renal, Fluid, and Electrolyte
 Management Chapter 17. Vascular Complications Chapter 18. Biliary Complications Chapter 19.
 Gastrointestinal Complications Chapter 20. Infectious Complications Chapter 21. Hematology, Oncology,
 and Immunology Chapter 22. Neurologic Complications Chapter 23. Nutrition Considerations Chapter 24.
 Pharmacology Chapter 25. Long-Term Follow-UpPart RADIOLOGY OF LIVER TRANSPLANTATION
 Chapter 26. Preoperative Imaging Chapter 27. Pulmonary Imaging Chapter 28. Vascular Imaging Chapter
 29. Liver Parenchyma and Body Wall Imaging Chapter 30. Biliary Imaging Chapter 31. Gastrointestinal
 Imaging Chapter 32. Hematology-Oncology Imaging Chapter 33. Neurologic ImagingPart . PATHOLOGY
 OF LIVER TRANSPLANTATION Chapter 34. Complications of Liver Transplantation Chapter 35. Primary
 Hepatic Diseases Chapter 36. Recurrence of Primary Hepatic Disease in the Liver Allograft Chapter 37.
 Pathology Grading and Staging SchemesIndex
