<<组织考察与行动>>

内容概要

Getting Action from Organizational Surveys provides the information industrial/organizational psychologists and human resource professionals need to put survey results into action—action that gets results. Edited by organizational survey pioneer Allen I. Kraut and contributed to by leading-edge practitioners, this comprehensive volume outlines new concepts to the survey lexicon, new methods of collecting and delivering results, new applications to various organizational situations, and new perspectives on how to look at and understand surveys and their place within organizations.
