<<How To Choose Wine (>>

内容概要

Love wine but stuck in a rut? Ready to explore new flavours without being intimidated by labels and jargon? Join Vincent Gasnier, the youngest ever 'Master Sommelier', who Gary Rhodes says is the best in the business, for a wine adventure. Take a taste trail and follow Vincent's recommendations for tasting wines of different styles, from spicy reds to dry, crisp, refreshing whites. Try 22 comparative tastings and explore the aromas, flavours and textures to discover your favourites. Use the vivid descriptions to select what really want to drink, from cool Australian whites and serious French reds to traditional Italian styles and new world vitality. Pick up tips on buying, storing and serving wine, plus matching wine with food. Vincent's philosophy for wine is simple: it's about enjoyment, people and pleasure. Share that passion, discover which wines you really like and confidently develop your repertoire.
