<<动物百科>>

内容概要

The ultimate reference guide to the world of cats. Highly illustrated throughout with photographs and graphics, comlementing incisive and informative text. A comprehensive overview of the history and nature of the cat, and an accessible guide to all aspects of cat care. In-depth coverage of all the main cat breeds, including information on origins, appearance, and temperament. Icons provide an at-a-glance overview of build, temperament, and coat care for each breed, and show the most common colour variations. The essential guide for cat-lovers and cat-owners.
