<<膝关节疾病>>

内容概要

Frank Noyes, MD-internationally-renowned knee surgeon and orthopaedic sports medicine specialist - presents "Noyes' Knee Disorders", an unparalleled resource on the diagnosis, management, and outcomes analysis for the full range of complex knee disorders. Master the technical details of procedures such as anterior cruciate ligament reconstruction, meniscus repair, articular cartilage restoration, and many others, and implement appropriate post-operative rehabilitation programs and protocols. Analyze and manage gender disparities in ligament injuries. A DVD with step-by-step videos complements the evidence-based text and allows you to see how surgical procedures are performed in real time. Best of all, you can access the full text, as well as downloadable images online.
