<<柏林 BERLIN>>

内容概要

Brassy, bold and beautiful in its austerity, Berlin is a sexy temptress that will ensnare you with her infinite riches; she's a creative genius that will amaze you with ideas and trends uniquely her own; she's a hotbed of hedonism, feasting passionately on the bountiful buffet of life; and, above all, she's a clever chameleon, endlessly adaptable and thriving on change, almost persuing it like a drug. Berlin is all that and then some to the people who live here and those ready to make the journey to the depths of her past, present and future.
