<<Chinese Jades (精装)>>

内容概要

This book is a timely reassessment of Chinese jade , a central element of Chinese material culture for 7 , 000 years. Containing a wealth of illustrations from the V&A s world-class collection , the book examines jades from the neolithic era to the 19th century , providing a comprehensive history of their development. With new photography of exceptional pieces that have not been reproduced before , as well as an informative text that draws on both new research and ancient Chinese sources , Chinese Jades offers a uniquely accessible approach to this popular subject. AUTHOR BIO: Ming Wilson is a senior curator in the V&A s Asian department.
