<<超现实主义与设计 Surreal Th>>

内容概要

From the sensuality of Salvador Dal í ' s " Mae West Lips Sofa " to Elsa Schiaparelli ' s extraordinary " Tear " dress , Surrealism produced some of the most emotive objects of the twentieth century.

In this important study , published to accompany a major international exhibition , Ghislaine Wood examines in detail Surrealism ' s influence in the fields of design and the decorative arts and its sometimes uneasy relationship with the commercial world.

A celebration of contradiction , Surreal Things presents a dizzying range of works from Jean Cocteau , Pablo Picasso , Man Ray , Alexander Calder , Max Ernst , Joan Miro , and many others , in media as varied as painting , sculpture , works on paper , book bindings , jewelry , ceramics , glass , textiles , furniture , fashion , film and photography.

Many works are published here for the first time.

作者简介 : Ghislaine Wood is curator of Surreal Things: Surrealism and Design.

She curated the V&A ' s blockbuster exhibition , Art Deco 1910 – 1939 , and co-edited the accompanying book
