内容概要

London is swinging again. The latest design trends, the best musicals, the most innovative plays and films are born in the capital of Cool Britannia. What catches on in Notting Hill, Soho and Hoxton now influences taste as far away as the North Cape and Tierra del Fuego. At the same time, the city on the Thames, one of the most cosmopolitan on the planet, is home to people from every corner of the world and has assimilated many of their traditions and tastes. With over 300 pages of rich color photographs, London Interiors takes an intimate look at more than 40 private residences, among others the Indian-inspired hideaway of musician Talvin Singh and an amusing houseboat moored in Kew. From a 1930s penthouse at Highpoint Two, landmark of British Modernism, via the eccentric home of a Royalist living among Lady Di memorabilia to a loft crammed with sexy kitsch.
