<<涉外护理英语听说教程>>

内容概要

《涉外护理英语听说教程》（学生用书）是《涉外护理英语》系列教程的组成部分，供五年制高职涉外护理专业英语教学使用，也可供广大英语爱好者和医护人员培养提高医学英语听说能力的辅助教材。

全书共分8册，并配有教师用书。

本册为《涉外护理英语听说教程》第8册，按照教育部于2004年初颁布的《大学英语课程教学要求（试行）》的教学方针和教学要求进行设计，目标是即能实现大学英语听说目标，又能基本满足涉外护理学护士临床实践的需求。

编写的指导思想仍以交际功能为最终目标，以语言技能训练为方法，以有关第二语言习得思想为依据，循序渐进，培养学生英语听说能力，使学生实现由普通英语向基础医学英语和专业护理英语过渡，并最终满足涉外护理工作中的专业交际需求。

本册教材有以下特色： 1. 听说并重，注重实用和交际； 2. 强化基础，强调应用； 3. 图片丰富，话题熟悉而意义重大，听说能力拓展适合多层面的学生； 4. 普通英语和护理英语合理结合，并侧重护理英语； 5. 部分内容吸收CET与CET—SET的题型设计。

章节摘录

Situational Expressions Patient Not very well. I feel exhausted. I feel pain in my joints.
What tests are they? What do I need to do? Ive got a fever. Nurse Good morning! How are
you feeling today? We have to do more tests to make sure. There is distending pain in the graft area.
You have gained weight. Well try a new type of anti-rejection drug. Well try a type of new genetically
engineered drug for kidney transplant patients. There are no side effects of the commonly used drugs.
