前言

雅思公主编写的《雅思公主阅读真题回顾》完成了，邀我作序。我很高兴能有这样一本原汁原味的雅思阅读书籍问世，考生朋友在提高雅思阅读能力和技巧的过程中，又多了一个良师益友。

考生应该如何准备雅思阅读呢？凉月认为，雅思阅读是雅思四项技能考试中最简单的一项。为什么这样说呢？因为所有阅读题目的正确答案都在卷面上，不像听力错过了就不会听到第二次，更不像写作和口语需要自己主动遣词造句。

阅读的答案就在试卷上静静地等待着考生把他们找出来，找到了，分数自然就拿到了。

怎么在文中找出这些问题的答案，是考生需要解决的问题。

章节摘录

But protection remains an important factor . When a new inmate enters the prison system he is challenged to a fight , according to a Texas state-pen prisoner . The outcome determines who can fight , who will be extorted for protection money and who will become a servant to other prisoners . Those who can ' t join a gang or afford to spend \$5 a week in commissary items for protection are destined to be servants . Godwin explains , “ The environment is set up SO that when you put that many people with anti-social behavior and criminal history together , someone the prey, and that is reality . ” The Texas inmate describes a system in which gangs often recruit like fraternities , targeting short-term inmates because they can help the gang-pay them back , SO to speak-when they leave prison for the free world . Most of the groups thrive on lifelong membership , according to the Florida DC , with “ blood in . blood out ” oath extending leadership and membership beyond the prison into the lucrative drugtrade , extortion and pressure rackets . Prison gangs operating in Texas and Florida include Neta , the Texas Syndicate , the Aztecs , the Mexican Mafia , the New Black Panthers , the Black Guerrilla Family , Mandingo Warriors , Aryan Brotherhood , La Nuestra Familia , the Aryan Circle and the White Knight . Some of these gangs have alliances , and some are mortal enemies , Many on this list originated in California over the decades , some of them (such as the Texas Syndicate) to protect members from the other gangs . In addition , street gangs such as the Crips and Bloods and traditional racial . hate groups such as the Ku Klux Klan also operate in prisons . What prisoners may not realize is that because the gangs are monitored by prison authorities the law-enforcement community is becoming very sophisticated about the gangs . “ Sixty percent of what we learn about what is going on in the city streets of Florida is garnered in prison and not from observing the streets , ” says Godwin . Prison officials say they concentrate on inmate behavior to identify gang members .
