<<赵锡武医疗经验>>

内容概要

《赵锡武医疗经验(英文)》内容简介：“The Masters of Chinese Medicine Series” is a long awaited collection of translated medical texts for serious TCM students and practitioners alike. This valuable collection of detailed analyses of the clinical experiences of China's most distinguished TCM masters is presented in a clear, complete and detailed text, describing complex clinical cases and treatment methods for various stubborn and chronic diseases. Dr. Zhao is a well-renown Chinese medicine expert in China. He has over 50 years of clinical experience in treating obstinate disease. This book provides the explanations of the pathogenesis of diseases based on the "Yellow Emperor's Inner Classic" and other classical texts, demonstrating a unique clinical approach.
