## 章节摘录

The World Is a Big Place My parents want me to move back to my hometown after graduation, but I do not want to. The world is a big place and I would like to see more of it. My hometown is very familiar to me; I know every street, every corner, and every store. If I need to have my watch repaired, I know just the right place to go. For some this may be comforting, but I long for more adventure. While most people do not want to find new places, I would love to wander around a new city, trying to figure out where everything is. It is like a big puzzle, just waiting for me to put the pieces together. Living in a new place would also let me meet interesting, new people. Many people think you will lose out if you move away, but I think I would gain. I know everybody in my neighborhood already and I have some good friends in my hometown. However, without losing touch with my old friends, I would meet people with remarkable life stories in every new place I live in. Also, all my old friends would be really happy to see me if I came by for a visit. We would have an extra special time together, because we do not see each other very often. The idea of discovering new places fascinates me and I would gain many new friends. I really hope to live in another part of China once I graduate. 如果需要修理手表。

我知道应该去哪里维修。

对于有些人来说,这样的生活可能很舒适,但是我渴望更多的闯荡。

大多数人不愿意寻找陌生的地方,但是我却很喜欢在一座陌生的城市中徘徊,试着去弄清楚所有的地方。

对我来说,这就好像是一张大拼图,正等待着我去一块一块把它拼好。

在一座陌生的城市居住可以让我认识到很多有趣的新朋友。

很多人会认为一旦你离开了一座城市,就会失去很多朋友,但我却认为我会得到更多的朋友。

我已经认识了所有的街坊邻居,而且在我的家乡我还有一些好朋友。

因此,我非但没有和老朋友们失去联系,反而在居住的新的城市中认识了很多有着不同寻常的生活故事的朋友们。

而且,如果我回到家乡顺便拜访我的老朋友们,他们见到我会特别高兴。

因为我们很久没有见面了,所以我们会额外抽出专门的时间相聚一下。

发现陌生的地方这一想法让我很着迷,我愿意交到很多新朋友。

我真地很希望毕业之后能到中国的另外一座城市居住。

Adult Education Is Highly Important People say "you are never too old to learn", yet the acceptance of adult education is only growing gradually. However, I believe that adult education is highly important. First of all, you really are never too old to learn. Without similar previous experience, people start learning a new language at fifty, embark on a luxurious cruise around the world at sixty or begin tending bonsai trees at seventy. If people are willing to spend time and money on gaining new experiences once they stop working, it would be an enormous

assetto the economy if we can persuade them to do this earlier. A part from the collective economical benefits, it also helps the individual. With the current progress of society, people need to keep up in their personal lives aswell. For instance, older people feel uncomfortable using computers, because they did not grow up with them like the younger generation did. Yet, with the recent high-speed development, more services than ever are offered online, such as banking, buying airplane tickets, and searching information. It would improve older peoples lives if they learned how to use these services through adult education. To conclude, adult education can offer both personal and economical development. For these reasons, we should encourage everybody to never stop learning. ( 214 words )

在帮助学生备考专四方面，这是我见过的最有用的书。  
只要学生认真通读并研习范文，就能够掌握专四作文的各项要求，打下坚实的写作基础。  
我会向各位准备参加专四考试的学生推荐这本书。

——英语口语及培训专家 Ria Smit 这是一本针对专四作文的综合性很强的应用书，它与我以前看到的那些充斥着历届考题以及模式化答案的教科书完全不同，几乎涵盖了我想要教授给学生的所有内容。

结构简单、条理清晰，非常适合学生自学。
