章节摘录

Two benches , shaped in sections of a circle , nearly enclosed the hearth; on one of these I stretched myself , and Grimalkin mounted the other. We were both of us nodding , ere anyone invaded our retreat , and then it was Joseph , shuffling down a wooden ladder that vanished in the roof , through a trap : the ascent to his garret , I suppose. He cast a sinister look at the little flame which I had enticed to play between the ribs , swept the cat from its elevation , and bestowing himself in the vacancy , commenced the operation of stuffing a three-inch pipe with tobacco. My presence in his sanctum was evidently esteemed a piece of impudence too shameful for remark : he silently applied the tube to his lips , folded his arms , and puffed away. I let him enjoy the luxury unannoyed; and after sucking out his last wreath , and heaving a profound sigh , he got up , and departed as solemnly as he came. A more elastic footstep entered next; and now I opened my mouth for a "good morning" , but closed it again , the salutation unachieved; for Hareton Earnshaw was performing his orisons sotto voce , in a series of curses directed against every object he touched , while he rummaged a corner for a spade or shovel to dig through the drifts. He glanced over the back of the bench , dilating his nostrils , and thought as little of exchanging civilities with me as with my companion the cat.
