## 前言

北京大学出版社自2005年以来已出版《语言学与应用语言学知识系列读本》多种，为了配合第十一个五年计划，现又策划陆续出版《21世纪英语专业系列教材》。

这个重大举措势必受到英语专业广大教师和学生的欢迎。

作为英语教师，最让人揪心的莫过于听人说英语不是一个专业，只是一个工具。

说这些话的领导和教师的用心是好的，为英语专业的毕业生将来找工作着想，因此要为英语专业的学生多多开设诸如新闻、法律、国际商务、经济、旅游等其他专业的课程。

但事与愿违，英语专业的教师们很快发现，学生投入英语学习的时间少了，掌握英语专业课程知识甚微，即使对四个技能的掌握也并不比大学英语学生高明多少，而那个所谓的第二专业在有关专家的眼中只是学到些皮毛而已。

英语专业的路在何方？

有没有其他路可走？

这是需要我们英语专业教师思索的问题。

中央领导关于创新是一个民族的灵魂和要培养创新人才等的指示精神，让我们在层层迷雾中找到了航向。

显然，培养学生具有自主学习能力和能进行创造性思维是我们更为重要的战略目标，使英语专业的人才更能适应21世纪的需要，迎接21世纪的挑战。

如今，北京大学出版社外语部的领导和编辑同志们，也从教材出版的视角探索英语专业的教材问题，从而为贯彻英语专业教学大纲做些有益的工作，为教师们开设大纲中所规定的必修、选修课程提供各种教材。

《21世纪英语专业系列教材》是普通高等教育“十一五”国家级规划教材和国家“十一五”重点出版规划项目《面向新世纪的立体化网络化英语学科建设丛书》的重要组成部分。

这套系列教材要体现新世纪英语教学的自主化、协作化、模块化和超文本化，结合外语教材的具体情况，既要解决语言、教学内容、教学方法和教育技术的时代化，也要坚持弘扬以爱国主义为核心的民族精神。

《普通语言学基础》为本科生普通语言学课程提供了新的可选择的教材，同时由于其较强的可读性，也完全可以作为一本普通语言学的普及读物，为那些喜欢语言学知识或初学语言学的一般读者使用。

Appendix Index

章节摘录

The distinction is the one that holds between describing how things are and prescribing how things ought to be. Lyons 1981 : 47. Being respectful to a language as it is, descriptive linguistics tries to discover and record the rules to which the members of a language-community actually conform. On the contrary, prescriptive linguistics pays more attention to classical literary works and regards them as standards for the correctness. They tend to tell people what is right and what is wrong when using language, and impose upon people certain norms of usage. Towards language change or variation, descriptive linguistics and prescriptive linguistics also show different attitudes: the former being tolerant and the latter intolerant. Modern linguistics is characterized by descriptive orientation, but in the history of linguistic studies there were certain schools, e.g. traditional grammar in 18th and 19th century, characterized by prescriptive orientation.
