章节摘录

charter flights from Shanghai to Saipan, the largest island and capital of the United States Commonwealth of the Northern Mariana Islands, resumed on Friday after a three-month suspension. Each Monday and Friday, tourists can fly straight from Shanghai to Saipan. To further develop the China market, discussions on two additional flights from July 15 are undergoing. The charter flights between Shanghai and Saipan have been operating for the past three years. These are carried out by Century Tours and Tinian Dynasty Holiday with China Eastern Airlines. As an American tourist destination, the Northern Mariana Islands (Saipan, Tinian and Rota) received the Approved Destination Status from the China National Tourism Administration at the end of 2004. Over the past few years, the seaside resort has begun to attract an increasing number of Chinese tourists. "The number of visitors from China to the Northern Mariana Islands is growing very fast. A total of 39,253 visitors came in 2006, an increase of 19.24 percent over 2005," said Emma S. Villagomez of the Marianas Visitors Authority, "Our resumed Shanghai-Saipan flight will possibly double the number, which means we will receive more Chinese tourists this year than ever before. In addition, the Beijing-Saipan flight will also resume soon."
