<<英语论文写作研究>>

内容概要

《英语论文写作研究》以十章篇幅，研讨了我们在长期的教学科研过程中，通过理论研究与创新探索相结合的方式，逐步形成的一种学术训练模式，并对其实际应用也作了相应的介绍。

通过上述研究与探索，我们试图在广义的学习理论基础上，分别从社会认知发展（socio-cognitive development）和研究过程发展（process-controlled development）两个方面入手，构建一种以学生为本的科学训练模式。

在具体的应用过程中，我们提出了“问句驱动”（a question-driven model）和“镜像模拟”（a mirror-image model）两种信息处理手段，旨在解决科学研究和学术论文写作过程中一些常见的难点、疑点问题。

从这个意义上来说，《英语论文写作研究》既包含了理论层面上传道立论的功效，又具备了应用层面上释疑解惑的功用，可以作为学术著作研读，也可以作为论文指南检索，还可以作为专门教材使用。

书籍目录

Chapter One What is this book all about

1.1 Preview Discussion: What is this book all about ?

1.2 Professor's Lecture on "What is this book all about ?

1.2.1 Why should we write a book like this ?

1.2.2 What theoretical considerations do we have for this book ?

1.2.4 How can you use this book more efficiently ?

1.3.2 Episode Discussion 1.4 Sample Demonstration 1.6.1 Suggested Activities

Chapter Two Why should we do research ?

2.1 Preview Discussion: Why should we do research ?

2.2 Professor's Lecture on "Why should we do research ?

2.2.2 Academic research and practical work, can they meet somewhere ?

2.2.3 How can we relate our research to our work or vice versa ?

2.2.4 How can we improve our work by research ?

2.3.1 Theme Discussion 2.3.2 Episode Discussion 2.5 Follow-up Practice 2.6.1 Suggested Activities 2.6.2 Suggested Readings

Chapter Three What are the fundamental issues in scientific study ?

3.1 Preview Discussion: What are the fundamental issues in scientific study ?

3.2 Professor's Lecture on "What are the fundamental issues 3.2.1 What do we mean by "fundamental" ?

3.2.2 How can we identify major problems ?

3.2.3 How can we avoid the dilemma of a necessary job 3.2.4 What is our focus, micro or macro ?

3.3.1 Theme Discussion 3.3.2 Episode Discussion 3.4 Sample Demonstration 3.5 Follow-up Practice 3.6 Suggested Activities and Readings 3.6.2 Suggested Readings

Chapter Four How can we develop our research potential ?

4.1 Preview Discussion: How can we develop our research potential ?

4.2 Professor's Lecture on "How can we develop our research potential ?

" 4.2.1 What are the crucial factors in the development of our research potential ?

4.2.2 To what degree should we rely on our "old" knowledge ?

4.2.3 What is the importance of our personality or working style in research ?

4.2.4 Star student or good researcher, does it make a difference ?

4.4 Sample Demonstration 4.5 Follow-up Practice 4.6.1 Suggested Activities 4.6.2 Suggested Readings

Chapter Five How can we choose a meaningful topic ?

5.1 Preview Discussion: How can we choose a meaningful topic ?

5.2 Professor's Lecture on "How can we choose a meaningful topic ?

5.2.2 How can we develop our sensitivity in setting up some 5.3.1 Theme Discussion 5.3.2 Episode Discussion 5.4 Sample Demonstration 5.5 Follow-up Practice 5.6.2 Suggested Readings 5.6.3 Websites Available

Chapter Six What should we know about the chosen theme ?

Chapter Seven How do we conduct research planning ?

Chapter Eight How can we adopt a pattern of discourse ?

Chapter Nine How do we produce an abstract ?

Chapter Ten How do we choose a format ?
