内容概要

The Collection of Critical Biographies of Chinese Thinkers , under the general editorship of the late honorary president of Nanjing University , Professor Kuang Yarning , is the largest-scale project of research materials on Chinese thinkers undertaken since the beginning of the twentieth century. Standing on the shoulders of this great man and other 200 well-known Chinese professors , this collection of concise Chinese-English version is not only based on a profound academic foundation , but also exhibits a brand new feature which is the virtue of explaining the profound in a simple way , hence leading readers to mastery of the contents; it also incorporates a refined principle of selection , a simple mode of evaluation and commentary , and a moving narration of the stories and their wisdom.
