

图书基本信息

书名：<<中国边缘海生源要素的生物地球化学过程>>

13位ISBN编号：9787308065924

10位ISBN编号：7308065928

出版时间：2009-9

出版时间：浙江大学出版社

作者：宋金明

页数：662

版权说明：本站所提供下载的PDF图书仅提供预览和简介，请支持正版图书。

内容概要

Biogeochemical Processes of Biogenic Elements in China Marginal Seas is the first monograph dedicated to this topic. The book mainly presents the latest research achievements of China's national research projects about the biogenic element cycling processes in China marginal seas starting in 1999. By describing the biogeochemical processes of China marginal seas, including the Bohai Sea, the Yellow Sea, the East China Sea, and the South China Sea, it covers almost all kinds of typical ecosystems' regional responses to global oceanic changes of the estuarine ecosystem, the continental shelf ecosystem, the upwelling ecosystem, the coral reef ecosystem, and the mangrove ecosystem. It will be of great interest to scientists and researchers in marine science. Dr. Linming Song is a professor at Institute of Oceanology, Chinese Academy of Sciences.

书籍目录

Introduction 1.1 Basic Status of China Marginal Seas 1.1.1 The Bohai Sea 1.1.2 The Yellow Sea
 1.1.3 The East China Sea 1.1.4 The South China Sea 1.2 Progress in Marine Biogeochemical Process
 Research in China 1.2.1 Progress in the Studies in Marine Biogeochemical Processes before 2000 in China
 1.2.2 Progress in Biogeochemical Processes of Marine Carbon Cycles since 2000 in China 1.2.3
 Biogeochemical Cycle of Biogenic Elements 1.3 Functions of China Marginal Sea Sediments in Cycles of
 Biogenic Elements 1.3.1 Biogenic Elements in China Marginal Sea Sediments 1.3.2 Chemical
 Environments of China Marginal Sea Sediments and Early Diagenesis of Biogenic Elements 1.3.3
 Contribution of Settling Particles to Biogenic Element Recycling in China Marginal Seas 1.3.4 Contributions
 of China Marginal Sea Sediments in the Recycling of Biogenic Elements 1.3.5 Influences of Biological
 Productions in China Marginal Sea Sediments on the Recycling of Biogenic Elements References2
 Biogeochemical Processes of the Bohai Sea 2.1 Change Processes of Carbon in the Bohai Sea 2.1.1 Partial
 Pressure of CO₂ in Sea Water 2.1.2 Riverine Sources and Estuarine Fates of Particulate Organic Carbon in
 Sea,waters 2.1.3 Inorganic Carbon in Liaodong Bay Sediments of the Bohai Sea 2.1.4 Biogeochemical
 Process of Organic Carbon in Sediments 2.2 Distributions and Transformations of Nitrogen in the Bohai
 2.2.1 Nitrogen in Seawaters 2.2.2 Evolution of Nutrients and Primary Production 2.2.3 Nitrogen
 Forms and the Decomposition of Organic Nitrogen in Sediments 2.2.4 Sediment-Water Exchange of
 Inorganic Nitrogen 2.3 Biogeochemical Processes of Phosphorus and Silicon in the Bohai Sea 2.3.1
 Distribution of Phosphorus and Silicate in Seawaters 2.3.2 Forms of Phosphorus and Silicon in Surface
 Sediments 2.3.3 Processes of Nutrients across the Sediment-Water Interface 2.4 Behaviour of Heavy
 Metals in the Bohai Sea 2.4.1 Distribution of Dissolved Heavy Metals in Seawaters 2.4.2 Dissolved Heavy
 Metal Pollution in Bohai Bay 2.4.3 Heavy Metals in Bohai Bay Sediments 2.5 Persistent Organic Pollutants
 in the Coastal Areas of the Bohai Sea 2.5.1 Distributions of Persistent Organic Pollutants in Sediments and
 Mollusks 2.5.2 Composition and Sources of Persistent Organic Pollutants 2.5.3 Potential Risk of
 Persistent Organic Pollutants References3 Biogeochemical Processes of the Yellow Sea 3.1 Dynamic Processes
 of the Yellow Sea 3.1.1 Yellow Sea Currents 3.1.2 Water Exchange Between the Yellow Sea and the East
 China Sea 3.2 Carbon Biogeochemical Processes in the Yellow Sea 3.2.1 Carbon Processes across the
 Air-Sea Interface 3.2.2 Biological Carbon Fixation in the South Yellow Sea Seawater 3.2.3 Initial Carbon
 Fixed Production 3.3 Dimethylsulfide and Its Fluxes across the Sea-Air Interface of the Yellow Sea 3.3.1
 Characteristics of Dimethylsulfide and Dimethylsulfoniopropionate 3.3.2 Sea-to-Air Flux of Dimethylsulfide
4 Biogeochemical Processes of the East China Sea5 Biogeochemical Processes of the South China Sea6
 Prospects for Marine Biogeochemical Process Research in ChinaIndex
