<<第15届国际光合作用大会论文集>>

内容概要

The 15th international conference on photosynthesis was successfully held on 22-27 August 2010 , in Beijing , China. Under the conference theme , "photosynthesis research for food , fuel and future" , a total of 24 chapters were collected in this proceeding which contained twenty-three sections , each section representing one of the topics covered by plenary lectures and sessions at the conference. Therefore , the papers contained in this proceeding include all aspects of photosynthesis. We thank all conference participants and in particular those whose chapters are published here.
