<<英语高级口译教程>>

内容概要

本书的编写主要遵循教育部《高等学校英语专业英语教学大纲》中的相关要求，力争做到：确保扎实的语言基本功；拓宽知识面；补充一定的专业知识；增加某些科技常识；提供培养学生综合文化素质的材料。

在英语口语译“快速、灵活、完美”的基础上，逐步培养学生掌握口译中同声传译和接续传译的语言转换规律和技巧。

教材特点 本书在教材内容选编上以中国领导人讲演口译（汉英同声传译）和外国领导人讲演口译（英汉同声传译）为主，以谈话口译（英汉/汉英接续传译）和热点话题口译（英汉/汉英同声传译）为辅。

为适应课堂同声传译和接续传译教学要求，编者对选用资料进行了一些删减和文字处理，使用了翻译中的一些基本原则，如顺序译法、变序译法、分句译法、增译、略译、重复等译法。

章节摘录

In China, the average annual incomes of urban and rural residents have respectively increased by 5.1 folds and 5.2 folds. And in terms of the per capita housing areas, the square meters of urban and rural residents respectively rose from 6.7 to 25 square meters and from 8.1 to 29.7 square meters. Automobile has entered ordinary Chinese families. In 2005, car sales in China reached 3.13 million. China's average life expectancy rose from 35 prior to 1949 to 72 years old, and that exceeds the average level of middle-income countries. In China, nine-year compulsory education is basically popularized, and illiteracy among young and middle-aged people is basically eliminated. The rural poor population dropped from 250 million in 1978 to 23.65 million in 2005. Now the Chinese people generally enjoy a comparatively well-off life.

Second, we have stuck without any wavering to the political development road with Chinese characteristics. We feel that the political development road with Chinese characteristics is the basic guarantee for the long-term stability of China. The political system that a country carries out can only be decided by the people of the country according to its basic national conditions. In line with China's national conditions and real situation, the Chinese people have chosen their own political development road.

In terms of the political system, we adopt the National Peoples Congress (NPC) system. The NPC exercises the supreme state power, and all the state administrative, judicial and procuratorial organs are created by the NPC, and all these organs are responsible for the NPC, and at the same time are supervised by the NPC. That system not only allows full democracy and brings vitality to the national political life, but also enables us to pool resources to solve major problems and raise working efficiency.

In terms of the political party system, we implement the system of multi-party cooperation and political consultation led by the Communist Party of China (CPC). The CPC is the core of leadership, and is the ruling party. The democratic parties are neither out-parties nor opposition parties, but parties participating in the management of state affairs. The CPC makes full consultations with the democratic parties on all the major decisions and policies concerning state affairs.
