前言

INTRODUCTION As business and capital markets have continued to grow more globalized over recent years, the need for cross-border financial information has correspondingly increased. This has brought international accounting to the forefront. As products, services, and capital increasingly cross domestic borders the likelihood that various parties to business transactions are based in different countries increases. These parties must contend with the reality that information on their business partners often exists in an accounting language other.

<<国际会计>>

内容概要

随着近年来商务活动与资本市场全球化的深入，对跨境财务信息的需求也相应地高涨起来。这就将国际会计推倒了台前。
