The Doctor's Advice Old John went to see a doctor. The doctor examined him and said, "Medicine won't help you. You must have a good rest. A month later Old John came to the doctor again. "Well," said the doctor, "I'm glad to see you. You look much younger. " "Oh doctor," said Old John. "I feel quite well now. I had a good rest. I went to bed early, I drank a lot of milk, and I walked a lot. Your advice certainly helped me. But you told me to smokd one cigar a day, and the one cigar a day almost killed me first. It was Jimmy's birthday, and he was five years old. He got quite a lot of birthday presents from his family. And one of them was a beautiful drum (鼓). "Who gave him that thing?" Jimmy's father said when he saw it. "His grandfather did," answered Jimmy's mother. "Oh", said his father. Of course, Jimmy liked his drum very much. He made a terrible noise with it, but his mother didn't mind it. His father was working during the day, and Jimmy was in bed when he got home in the evening. So he didn't hear the noise. But one of the neighbours didn't like the noise at all, so one morning she took a sharp (锋利的) knife and went to Jimmy's house while he was hitting his drum. She said to him, "Hello, Jimmy, do you know, there's somthing very nice inside your drum? Here's knife. Open the drum and let's find it. "
