前言

“同步课课练”系列丛书自1996年出版以来，因其紧密配合教材，难易程度适中，符合教学要求，深受广大学生和教师的欢迎。

本书是该系列丛书中的一种，是为使用上海二期课改新教材的学生和教师度身定做的。

本书依据新教材内容顺序、教学进度和教学要求，针对每一课安排两份试卷：A卷和B卷，其中A卷可让学生在课堂里完成，B卷可作为回家作业由学生在家独立完成，B卷难度略大于A卷。

另设有期中、期末测试卷各一份，供学生进行考前自测时使用。

本书作为教材的延伸和拓展，将进一步巩固学生课堂上所学的知识，为学生今后的学习打下扎实的基础。

(B) In America, drivers education is part of the regular high school course. Every student in his or her second year of high school is required to take a class in drivers education. However, unlike other courses, it is not given during the regular school year. Instead it is a summer course. The course is divided up into 2 parts 1) class time for learning laws and regulations and 2) driving to practice driving. Class time is not unlike any other class. The students have a text from which they study the basic laws they must know. To pass the written driving test that is given to anyone wanting to get drivers license. Driving time is a chance for the students to get behind the wheel (steering wheel) and practice starting, steering, backing up, parking, switching lanes, turning corners, and all the other skills required in driving a car. Each student is required, to drive a total of six hours. The students are divided into groups of four. The students and the instructor go out driving for two-hour blocks of time.
