<<新编跨文化交际英语教程>>

前言

我国英语专业本科教学与学科建设，伴随着我国改革开放的步伐，得到了长足的发展和提升。回顾这30多年英语专业教学改革和发展的历程，无论是英语专业教学大纲的制订、颁布、实施和修订，还是四、六级考试的开发与推行，以及多项英语教学改革项目的开拓，无不是围绕英语专业的学科建设和人才培养而进行的，正如《高等学校英语专业英语教学大纲》提出的英语专业的培养目标，即培养“具有扎实的英语语言基础和广博的文化知识并能熟练地运用英语在外事、教育、经贸、文化、科技、军事等部门从事翻译、教学、管理、研究等工作的复合型英语人才。”

为促进英语专业本科建设的发展和教学质量的提高，外语专业教学指导委员会还实施了“新世纪教育质量改革工程”，包括推行“十五”、“十一五”国家级教材规划和外语专业国家精品课程评审，从各个教学环节加强对外语教学质量的宏观监控，从而确保为我国的经济建设输送大量的优秀人才。

跨入新世纪，英语专业的建设面临新的形势和任务：经济全球化、科技一体化、文化多元化、信息网络化的发展趋势加快，世界各国之间的竞争日趋激烈，这对我国英语专业本科教学理念和培养目标提出了新的挑战；大学英语教学改革如火如荼；数字化、网络化等多媒体教学辅助手段在外语教学中广泛应用和不断发展；英语专业本科教育的改革和学科建设也呈现出多样化的趋势，翻译专业、商务英语专业相继诞生——这些变化和发展无疑对英语专业的学科定位、人才培养以及教材建设提出了新的、更高的要求。

上海外语教育出版社（简称外教社）在新世纪之初约请了全国30余所著名高校百余位英语教育专家，对面向新世纪的英语专业本科生教材建设进行了深入、全面、广泛和具有前瞻性的研讨，成功地推出了理念新颖、特色明显、体系完备的“新世纪高等院校英语专业本科生系列教材”，并被列入“十五”国家级规划教材，以其前瞻性强、先进性和创新性等特点受到全国众多使用院校的广泛好评。

面对快速发展的英语专业本科教育，如何保证专业的教学质量，培养具有国际视野和创新能力的英语专业人才，是国家、社会、高校教师共同关注的问题，也是教材编撰者和教材出版者关心和重视的问题。

 Time and Space Across Cultures Unit 8 Cross-Cultural Perception Unit 9 Intercultural Adaptation Unit 10
 Acquiring Intercultural Competence Acknowledgements

章节摘录

Posture and sitting habits offer insight into a culture's deep structure. In many Asian cultures, the bow is much more than a greeting. It signifies the culture's concern with status and rank. In Japan, for example, low posture is an indicator of respect. Although it appears simple to the outsider, the bowing ritual is actually rather complicated. The person who occupies the lower station begins the bow, and his or her bow must be deeper than the other person's. The superior, on the other hand, determines when the bowing is to end. When the participants are of equal rank, they begin the bow in the same manner and end at the same time. The manner in which we sit also can communicate a message. In the United States, where "casualness" is considered a great virtue, people often sit with feet on chairs or even desks. They sometimes sit with their backsides (buttocks) on tables and desks as a way of expressing their individuality or care-free attitude. Slumping oneself over while sitting in a chair and placing feet on whatever object around is a common U.S. behavior. It is intended to show that the person is casual, honest, sincere, and "just one of the folks." In the United States, even millionaires, corporation presidents, government leaders, and movie stars try to pretend they are ordinary people by using "the U.S. slouch" and "the feet-on-the-furniture" maneuver. Unfortunately, people of other countries may interpret this behavior as being sloppy and as reflecting a general lack of alertness, interest, and respect. Americans do not usually realize that what they think of as casualness is viewed very differently and very negatively by many people around the world. People in many cultures are expected to sit erect. Such cultures include many countries in Latin America, Asia, Europe, and the Middle East. For instance, in countries such as Germany and Sweden, where lifestyles tend to be more formal, slouching is considered a sign of rudeness and poor manners. In the United States, crossing legs is a sign of good etiquette. Americans feel comfortable crossing their legs and sitting with one ankle on the other knee. Many cultures say that crossing legs is okay, but placing the ankle on the knee while crossing one's legs is totally unacceptable. You can cross your legs but not put your ankle on your knee in some Latin and Asian countries. In Peru, men can place the ankle on knee, but women must cross their entire legs at the knee. In Syria women must not cross their legs at all in public, though men can cross at the knee. In Ghana and in Turkey, sitting with one's legs crossed is extremely offensive. People in Thailand believe that because the bottoms of the feet are the lowest part of the body, they should never be pointed in the direction of
