

<<生物湿法冶金>>

图书基本信息

书名：<<生物湿法冶金>>

13位ISBN编号：9787548703563

10位ISBN编号：7548703562

出版时间：2011-9

出版时间：中南大学出版社

作者：邱冠周

页数：全2册

字数：2803000

<<生物湿法冶金>>

内容概要

生物湿法冶金：用生物技术的钥匙开启矿产资源利用的大门，ISBN：9787548703563，作者：邱冠周，姜涛，覃文庆等编

书籍目录

19th IBS International Scientific Committee
19th IBS Local Organizing Committee
Foreword
Acknowledgements
Supporters
Honouring Douglas E.Rawlings
In Memory of Oswaldo Garcia Junior
In Memory of Anthony Pinches
In Memory of Geoffrey Spearing Hansford
Section I:Honorary Lecture and Keynote Speeches
Honorary Lecture
Keynote Speeches
Section II:Fundamentals of Bioleaching
Extended Abstracts
Short Abstracts
Section III:Genetics and Molecular Biology
Extended Abstracts
Short Abstracts
Section IV:Microbe-Mineral Interactions
Extended Abstracts
Short Abstracts
Section V:Bioleaching Applications
Extended Abstracts
Short Abstracts
Section VI:Bioflotation and Biobeneficiation
Extended Abstracts
Short Abstracts
Section VII:Biosorption and Bioaccumulation
Extended Abstracts
Short Abstracts
Section VIII:Microbial Ecology
Extended Abstracts
Short Abstracts
Section IX:Mining Impacts on the Environment
Extended Abstracts
Short Abstracts
Section X:Bioremediation of Metals and Mine Wastes
Extended Abstracts
Short Abstracts
