<<第二语言教与学>>

内容概要

Provides critical resources for the new teacher: discussion questions and tasks, concept maps summarizing key points in each chapter, and a comprehensive glossary of language learning terminology. Interweaves the theoretical foundations of task-based learning and the learner-centered approach with a focus on successfully implementing these concepts in the classroom.

作者简介

David Nunan, the foremost authority on task-based learning, has written *second Language Teaching and Learning* as a comprehensive and accessible exploration of contemporary issues and practices generally addressed in methodology courses
