<<英美概况>>

前言

《英美概况》即将付梓，应邀为其作序，我欣然从命，缘起如下： 一、该书成稿已久，作为使用教材，历经十余春秋。

作者孜孜不倦，默默耕耘，精益求精，几番更新，倾注无尽心血，使其终于问世，当是幸事，为此致贺。

二、两位作者先后赴沪参加美籍专家执教的中美文化研讨班，史料例证有根基；一道参与翻译《英汉对照实用中医文库》，语言文字有功底；同为硕士生导师，联袂开设“英美文化专题”学位课，学术理论有水平；联名申请出版基金，携手推出《英美概况》英文教材，合作共事创新绩，可谓佳话，借此介绍。

三、编写原则针对性强。

具有自己的特色。

选材难易得当，注重实用；内容充实、新颖、适合教学；语言通顺、地道，便于自学。

《英美概况》实属应社会之需，补教学之缺，并带有创新性的一部好的教材，质量应属上乘，特此推荐。

章节摘录

~2 . Britain in World War T and Post—War Period By the beginning of the 20th century , the world had entered the period of imperialism . Owing to the law of the uneven growth of capitalism , Germany and the U . S . became strong imperialist powers in the late 19th century and they , together with Japan , Italy , France and Russia competed with Britain for world domination . When the imperialist powers attempted to re-divide the world , an imperialist war was inevitable . On the eve of World War I , two imperialist blocs had formed . Germany , Austria—Hungary and Italy formed the Triple Alliance and Britain , France and Russia were held together by a firm alliance known as the Triple Entente . On June 28th 1914 the Austrian Archduke Francis Ferdinand and his wife were shot and killed by a young Yugoslav in Sarajevo . This incident was used as a pretext by Austria—Hungary to declare war against Serbia . On the side Of Austria—H ungary were Germany, Bulgaria and Turkey . Italy , though a mereber of the Triple Alliance , joined the Allies against the Central Powe~~ . Four years of the imperialist war ended with the Allies victorious . The War came to the end in 1918 . During the war , nearly three million British soldiers were killed , wounded , or disabled . Seventy percent of her merchant ships were sunk or damaged . Britain had lost her sea supremacy by the end of the War . The situation at home was worse than it was during the prewar days . Though victorious , Britain came out of the War with a huge national debt, ten times as large as that before the War . Business was slack , many factories were closed down and taxes were unbelievably heavy . In 1920 and 1921 , an economic crisis broke out for the first time since the end of the War . Industrial production dropped by 46 9 / 6 during the crisis . The world economic crisis lasted from 1929 to 1933 . It was the most seriOUS economic crisis that Britain had ever experienced . In the depression years , factories and mills closed down , banks failed and foreign trade shriveled . The number of unemployed people in 1932 reached three million . The total value of her export decreased to half the amount of the pre-war level, whereas her impORt doubled . Britain ' S position in the capitalist world was further weakened . ~
