## 内容概要

It's a collection of the most classic pavilions including National. Pavilion, Urban Best Practices Area, Enterprise Pavilion ect. The pavilions are featured by architects sketches, drawings, floor plans, elevations, structural drawings, renderings, real images, interior and exterior, together with the design concept of the pavilions and interviews with the architects to fully interpret the Expo theme "Better City, Better Life." As most of the buildings are dismantled or moved after' the Exposition, this book will be an immortal, collection of 2010 Shanghai Expo and a permanent carrier of Shanghai Expo buildings in the historical, memory.
