<<实用中文（中级）>>

内容概要

This book is specifically designed for foreigners who live , study and work in China. The course contains the most used vocabulary , sentence patterns and situational dialogues at the intermediate level. Also some basic and important Chinese grammar points are added. Each unit has an interesting and unique article which helps the learner to improve reading ability. We believe you will get a lot of fun from learning Chinese and much useful knowledge from the course. It will make you live in China easily and happily.

章节摘录

I am a mother with two children. Every morning I wake up at six o'clock. At 6 : 15 a.m. I begin to cook breakfast for my kids. At 7 : 30 a.m. I need to drive my kids to the school. I have to arrive at the hospital for work before 8 : 00 a.m. I am a nurse at the hospital and look after six patients every day. I bring water and medicine to the patients and help them to take their medicine. I also give them injections several times. Each day I need to bring three meals to the patients bedside on time and take their temperature ... I'm so busy sometimes that I do not have time to drink water. At five o'clock I get off work , and then I hurry to pick up my kids. I have to cook dinner as soon as I arrive home. After the dinner I wash the dishes. At about 8:45 p.m. my kids go to sleep , and then I do some cleaning. Around 10 : 30 p.m. , I am so tired that I can't keep my eyes open. Look ! What a busy day !
