章节摘录

版权页：插图：The Student Book contains nine units, each of which is centered around a theme of high interest to students. Each unit provides a wide variety of pictures, stories, poems, chants, songs, articles, exercises, games, and projects which stimulate communication, keep motivation high, and provide structure and vocabulary practice. In addition, each unit contains a Little Book. Each unit ends with an activity for oral assessment and a page of written assessment. The self-assessment feature (, can do th / sin Books 1-3 and Mr[ournalin Books 4-6] provides the students with an opportunity for self-evaluation as well. Additional pages include an introduction to the Student Book mascots at the beginning of the book and a farewell at the end of the book. Cutout pages for many different projects and games are also included. Workbook The Workbook includes activities designed to reinforce each unit section in the Student Book. Both structured practice and less-controlled activities are represented, along with puzzles, projects, and assessment activities. There are three sets of assessment pages, covering Units 1-3, 4-6, and 7-9, to measure accumulated knowledge and evaluate progress. Each Workbook page contains the Picture Dictionary that corresponds to the Student Book. This way, the students have the necessary vocabulary accessible. In the back are the Language Activities Section and Little Book Comprehension pages.
