<<君主国>>

内容概要

This is the first new translation for forty years of a fascinating work of political theory. Dante's *Monarchy* addresses the fundamental question of what form of political organization best suits human nature. It embodies a political vision of startling originality and power, and illuminates the intellectual interests and achievements of one of the world's great poets. Prue Shaw's translation is accompanied by a full introduction and notes, which provide a complete guide to the text, and which place *Monarchy* in the context of Dante's life and work. PRUE SHAW is Senior Lecturer in the Department of Italian at University College London.
