

<<福建山区草地生态系统可持续发展>>

图书基本信息

书名：<<福建山区草地生态系统可持续发展研究>>

13位ISBN编号：9787801638267

10位ISBN编号：7801638263

出版时间：2004-1

出版时间：中国环境科学出版社

作者：朱连奇，牛鹤健编

页数：120

版权说明：本站所提供下载的PDF图书仅提供预览和简介，请支持正版图书。

## 内容概要

Sustainable development is one of the questions that human are facing in the 21~t century. China is the biggest developing country in the world, its situation of population resources and environment is much more severe. On February 15, 1994, the State Council of China passed the "21st Century Agenda of China", which set up the strategic goal that China would establish economical system, social system and maintain to the relevant resources and environment basis for sustainable development.

书籍目录

PrefaceIntroductionChapter 1 Analysis of Environmental Background 1.1 Sunshine and Solar Radiation 1.2 Analysis on Soil Physical and Chemical Characteristics in Mountain Grassland Ecosystem 1.3 Analysis of Thermal and Water Condition 1.4 Composition Characteristics of Mountain Grassland Resources ReferenceChapter 2 Potential Productivity of Mountain Grassland Ecosystem 2.1 Sunlight potential Productivity 2.2 Sunlight and Temperature Potential Productivity 2.3 Sunlight, Temperature and Water potential Productivity 2.4 Sunlight, Temperature, Water and Fertilizer Potential Productivity 2.5 Study on Supporting Capacity of Mountain Grassland Ecosystem 2.6 Analysis on Obstacle Factors in Mountain Grassland Ecosystem Productivity ReferenceChapter 3 Study on Biomes of Mountain Grassland Ecosystem 3.1 The Stability of Mountain Grassland Ecosystem 3.2 Biomes structure of Grassland Ecosystem in Fujian Mountainous Areas 3.3 Problem and discussion ReferenceChapter 4 Nutrient Cycle in Grassland Ecosystem 4.1 The Characteristics of Mountain Grassland Ecosystem 4.2 Study Method About Nutrient Cycle of Mountain Grassland Ecosystem 4.3 Results and DiscussionChapter 5 Ecological Function of Mountain Grassland Ecosystem.....Chapter 6 Position and Role of Grassland Ecosystem in Mountainous
