章节摘录

Jolin Tsai is a famous singer , now she becomes an English teacher !  
She is not staying in a classroom to teach you English. Instead , she has published a new book—— Jolin 's English Diary Book. It came out in Taiwan in March. Jolin will help you learn English in a lighthearted way and she will give you useful words of daily life outside your textbooks. "I hope its an interesting English book , " she said.  
"When you learn English in a fun way , you will keep on doing it." This certainly doesnt mean just reciting words. Jolin has a lot of clever ways of learning. She usually listens to English songs or finds friends to talk to in English. She has been good at English since grade three in primary school. She also hosted news programs in English on the radio herself. Jolin knows its important to put English to good use. So , in her English diaries , she wrote something about her everyday life , like study , fashion , travel and family. After each diary , she gives you lots of notes. You can often use them , too !  
Jolin also asks you to keep diaries with her.
