<<妇产科学>>

内容概要

Master Medicine is a series of core texts for medical students. Each volume includes core information on a subject and a wide variety of self-assessment exercises, with full answers. Taken together, the volumes in the Master Medicine Series provide students with a complete package of core texts for self-directed learning and exam revision. Comments from readers on previous volumes "The self-assessment sections with answers are excellent." "All the books in this series have been simple and easy to read, yet contain all the relevant information." "An excellent adjunct to problem-based learning." "Really good-encourages understanding as well as learning of the core facts."
